A School Board meeting is a meeting the Board of Education members hold in front of the public and in an open setting. It is the Board's meeting. This means: Members of the audience just listen and do not interact with the Board unless directed to do so by a member of the Board of Education. It is greatly appreciated by the Board of Education if distractions are kept to a minimum so that the members of the Board can focus on their work. Thank you for turning off your cell phones and not engaging in conversations or interactions with other members of the audience during the meeting. Audience members wishing to address the Board during Public Open Forum should generally keep their comments to five minutes or less.
