

E-8 STUDENT TRANSPORTATION MANAGEMENT

The School District may provide transportation to and from school for students when determined by the Superintendent of Schools and approved by the Board of Education.

School transportation routes shall be as approved from time to time by the Board of Education. Pick-up and drop-off points shall be as established from time to time by the Superintendent of Schools or designee. The Superintendent of Schools or designee may temporarily alter routes when required to do so for safety or other emergency reasons. In such event, the alteration shall be called to the attention of the Board of Education.

The School District may provide transportation for students involved in School District activities, field trips and extra-curricular programs when determined by the Administration to be appropriate to further the needs of the activity or program or to ensure the safety and welfare of the students.

The School District shall provide transportation where transportation is mandatory because of legal requirements.

Fees or other assessments may be charged for transportation where allowed by law and where necessary to prevent undue fiscal impact on the School District.

Transportation is a privilege that may be revoked by the Administration.
