Enhance Enrichment Programs
Develop School-to-Career Opportunities

Beliefs

A healthy environment requires demonstration of mutual respect.
Quality performance deserves recognition and reward.
People support those decisions which they participate in making.
Successful change requires broad participation and understanding.
Highly functioning organizations require self-disciplined, fully-engaged participants.
Education is the key to well-being of individuals and their society.
Success requires not that challenges be limited, but that limits be challenged.
Every child deserves the best possible education we can provide.
High expectations lead to high achievement.
Quality education is a partnership of school and community.
Students do better when their parents are involved.
Continual learning improves performance.
A public education honors and teaches the ideals and history of our society.
Meeting student needs requires risk-taking and innovation
People learn and work best in a safe, caring and nurturing environment.

An important fact to remember is that a School Board meeting is a meeting the Board of Education members hold in front of the public and in an open setting. It is the Board's meeting. This means: Members of the audience just listen and do not interact with the Board unless directed to do so by a member of the Board of Education. It is greatly appreciated by the Board of Education if distractions are kept to a minimum so that the members of the Board can focus on their work. Thank you for turning off your cell phones and not engaging in conversations or interactions with other members of the audience during the meeting.
